

Imperial Drawer Assortments Your Key to Efficient Maintenance and Repair.

Overall Drawer Size
18" W x 3" H x 12" D

Ready To Get Organized?

- Imperial offers a complete line of storage bins, drawers and racks to help you organize your parts department.
- Pre-packaged product assortments to meet your every need.
- Easy, quick retrieval.
- Eliminate the guesswork with parts storage.
- Visual inventory control.
- Heavy gauge steel construction.
- Bins, drawers, racks, stands and cabinets are also available separately.
- Plastic shelf bins, corrugated shelf boxes and stackable bins are also available.

Here is why:

1. Imperial drawer assortments include only the most popular sizes and styles.
2. Each assortment is packaged in a sturdy steel drawer. A special rack is available (Part No. 4) that conveniently stores four assortments in one cabinet.
3. All Imperial assortments come clearly labeled. It's easy to quickly pick out the proper part, since each item is identified by picture, size and part number. This also makes it a "snap" to re-stock your assortment when the time comes. An added bonus is the pre-printed barcode labels for our customers who use our exclusive ScanTel® Ordering System.
4. All Imperial drawer assortments are packaged in either a 24-compartment (Part No. 240), 16-compartment (Part No. 248), 6-slotted compartment (Part No. 252), or adjustable steel drawer (Part No. 242, 245).
