Revision Date 16-Nov-2018

Version 1.02

SAFETY DATA SHEET.

1. IDENTIFICATION OF THE SUBSTANCE/PREPARATION AND OF THE COMPANY/UNDERTAKING

Product identifier Product name

6744-0 STONE/CHIP GUARD COATIN

Recommended use of the chemical and restrictions on use

Product code

F02420

Product Type Synonyms Extremely Flammable Aerosol None

Supplier's details

Recommended Use Uses advised against Automotive bumper and trim product. No information available

Manufactured For:

Imperial Supplies LLC 789 Armed Forces Drive P.O. Box 11008 Green Bay, WI 53407-1008 1-800-558-2808

Emergency telephone number

Chemical Emergency Phone Number

Manufacturer

American Jetway Corporation 34136 Myrtle Street Wayne, MI 48184-0126 Phone:(734) 721-5930

CHEMTREC: 1-800-262-8200 ID 1195 (UNITED STATES)

2. HAZARDS IDENTIFICATION

Classification

Skin corrosion/irritation	Category 2
Serious eye damage/eye irritation	Category 2A
Carcinogenicity	Category 2
Reproductive Toxicity	Category 1B
Specific target organ toxicity (single exposure)	Category 3
Specific target organ toxicity (repeated exposure)	Category 2
Aspiration toxicity	Category 1
Flammable Aerosols	Category 1
Gases under pressure	Compressed Gas

GHS Label elements, including precautionary statements

Emergency Overview DANGER Hazard Statements Causes skin irritation. Causes serious eye irritation. Suspected of causing cancer. May damage fertility or the unborn child May cause respiratory irritation. May cause drowsiness or dizziness. May cause damage to organs (Central Nervous System,Eyes, Kidneys,Liver,Respiratory System, and Skin) through prolonged or repeated exposure. May be fatal if swallowed and enters airways. Extremely Flammable Aerosol Contains gas under pressure; may explode if heated Odor Solvent Appearance Opaque Physical state Aerosol **Precautionary Statements - Prevention** Obtain special instructions before use.

Obtain special instructions before use. Do not handle until all safety precautions have been read and understood. Wear protective gloves, protective clothing,eye protection,face protection. Wash face, hands and any exposed skin thoroughly after handling. Do not breathe dust, fume, gas, mist, vapors, spray. Use only outdoors or in a well-ventilated area. Keep away from heat, sparks, open flames, hot surfaces - No smoking. Do not spray on an open flame or other ignition source. Pressurized container: Do not pierce or burn, even after use.

Precautionary Statements - Response

If exposed or concerned: Get medical advice, attention.

Specific treatment (see first aid on this label).

IF IN EYES:Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice, attention

IF ON SKIN: Wash with plenty of soap and water.

If skin irritation occurs: Get medical advice, attention. Take off contaminated clothing and wash it before reuse. IF INHALED : Remove person to fresh air and keep comfortable for breathing. Call a POISON CENTER or doctor, physician if you feel unwell. IF SWALLOWED: Immediately call a POISON CENTER, doctor, physician. Do NOT induce vomiting.

Precautionary Statements - Storage

Store locked up. Store in a well-ventilated place. Keep container tightly closed. Protect from sunlight. Do not expose to temperatures exceeding 50 °C/122 °F

Precautionary Statements - Disposal

Dispose of contents, container to an approved waste disposal plant.

Hazards not otherwise classified (HNOC)

None

Other information

0% of the mixture consists of ingredient(s) of unknown toxicity.

3. COMPOSITION/INFORMATION ON INGREDIENTS

Chemical Name	CAS-No	Weight %*
2-BUTANONE	78-93-3	10-20
DIMETHYLETHER	115-10-6	10-20
RESIN BLEND	MIXTURE	10-20
TOLUENE	108-88-3	10-20
CALCIUM CARBONATE	1317-65-3	10-20
BUTYL BENZYL PHTHALATE	85-68-7	1-10
BUTYL ACETATE	123-86-4	1-10
CARBON BLACK	1333-86-4	<1
SILICA, CRYSTALLINE	14808-60-7	<0.1

*The exact percentage (concentration) of composition has been withheld as a trade secret.

4. FIRST AID MEASURES

First aid measures for different exposure routes			
General advice	Avoid contact with skin, eyes, and clothing. Avoid breathing vapors, mist, or gas.		
Eye contact	Immediately flush with plenty of water for at least 15 minutes. After initial flushing, remove any contact lenses and continue flushing. If eye irritation persists, consult a doctor.		
Skin contact	Wash off immediately with soap and plenty of water for at least 15 minutes. If skin irritation persists, call a physician.		
Inhalation	Move to fresh air. If not breathing, give artificial respiration. If breathing has stopped, contact emergency medical services immediately.		
Ingestion	Call a physician or Poison Control Center immediately. Do NOT induce vomiting. Never give anything by mouth to an unconscious person. Risk of product entering the lungs on vomiting after ingestion.		

Most important symptoms/effects, acute and delayed

Main Symptoms	Causes skin and serious eye irritation. Suspected of causing cancer. May damage fertility
	or the unborn child. May cause respiratory irritation. May cause drowsiness or dizziness.
	May cause damage to organs through prolonged or repeated exposure. May be fatal if
	swallowed and enters airways.

Indication of immediate medical attention and special treatment needed, if necessary

Notes to physician

Treat symptomatically.

5. FIRE-FIGHTING MEASURES

Suitable Extinguishing Media

Water fog.Dry chemical. Foam.Carbon dioxide (CO2). Cool containers/tanks with water spray.

Unsuitable Extinguishing Media Do not use a solid water stream as it may scatter and spread fire. Keep away from sources of ignition - No smoking.

Specific hazards arising from the chemical

Extremely Flammable / Flammable. Keep product and empty container away from heat and sources of ignition. In the event of fire and/or explosion do not breathe fumes. In the event of fire, cool tanks with water spray.

Explosion Data Sensitivity to Mechanical Impact none. Sensitivity to Static Discharge Yes.

Protective Equipment and Precautions for Firefighters

As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear. Use shielding to protect fire-fighters from bursting containers.

6. ACCIDENTAL RELEASE MEASURES

Personal precautions, protective equipment and emergency procedures

Personal precautions	Use with adequate ventiliation to keep the exposure levels below the OELS. Follow safe handling advice and personal protective equipment recommendations.	
Environmental precautions		
Environmental precautions	Vapors can accumulate in low areas. Report spills as required by local and federal regulations. Do not flush into surface water or sanitary sewer system. Do not allow material to contaminate ground water system. Should not be released into the environment.	
Methods and materials for contain	nent and cleaning up	
Methods for Containment	Absorb with earth, sand or other non-combustible material and transfer to containers for later disposal. Prevent further leakage or spillage if safe to do so. Do not allow material to contaminate ground water system. Prevent product from entering drains.	
Methods for cleaning up	Soak up with inert absorbent material. Contain liquid and collect with an inter, non-combustible material. Pick up and transfer to properly labeled containers. Clean contaminated surface thoroughly . After cleaning, flush away traces with water. Prevent product from entering drains. Take precautionary measures against static discharges.	

7. HANDLING AND STORAGE

Precautions for safe handling

Advice on safe handling

Avoid breathing vapors or mists. Avoid contact with skin, eyes and clothing. Keep away from open flames, hot surfaces and sources of ignition. Contents under pressure. Do not puncture or incinerate cans. Handle in accordance with good industrial hygiene and safety

Conditions for safe storage, including any incompatibilities			
Technical measures/Storage conditions	Keep container tightly closed in a dry and well-ventilated place. Keep away from open flames, hot surfaces, and sources of ignition. Keep in properly labeled containers. Keep out of the reach of children. Store locked up.		
Incompatible products	Strong acids, alkalis, oxidizing agents.		
Aerosol Level	2		

practice. Take precautionary measures against static discharges.

8. EXPOSURE CONTROLS/PERSONAL PROTECTION

ACGIH: (American Conference of Governmental Industrial Hygienists)

OSHA: (Occupational Safety & Health Administration)

NIOSH IDLH: Immediately Dangerous to Life or Health

Other Exposure Guidelines	Vacated limits revoked by the Court of Appeals decision in AFL-CIO v. OSHA, 965 F.2d 962 (11th Cir., 1992).			
	Carbon Black is classified by IARC as a suspected carcinogen(2B). Carbon Black is bound in the polymer matrix and no inhalation exposure will occur during the handling or use of this product in this application. Carbon Black is not classified as a carcinogen for this product.			
Exposure controls				
Engineering Measures	Ventilation systems. Use adequate ventilation to keep the exposure levels below the occupational exposure limits.			
Individual protection measures, si	Individual protection measures, such as personal protective equipment			
Eye/Face Protection	Safety glasses with side-shields.			
Skin and body protection	Chemical resistant apron. Protective gloves.			
Respiratory protection	If exposure limits are exceeded or irritation is experienced, NIOSH/MSHA approved respiratory protection should be worn. Positive-pressure supplied air respirators may be required for high airborne contaminant concentrations. Respiratory protection must be provided in accordance with current local regulations.			
Hygiene measures	Handle in accordance with good industrial hygiene and safety practice.			
	9. PHYSICAL AND CHEMICAL PROPERTIES			

Physical and chemical properties

Physical state Appearance Color	Aerosol Opaque Black	Odor Odor Threshold	Solvent

Other information			
VOC Content(%)	62.24		
10. STABILITY AND REACTIVITY			

Reactivity

No data available

Chemical stability

Stable under recommended storage conditions.

Possibility of hazardous reactions

None under normal processing.

Conditions to Avoid

Extremes of temperature and direct sunlight.

Incompatible Materials

Strong acids, alkalis, oxidizing agents.

Hazardous Decomposition Products

Carbon oxides , Hydrocarbons, Fumes.

11. TOXICOLOGICAL INFORMATION

Information on likely routes of exposure

Product Information

Inhalation	May cause respiratory irritation. May cause drowsiness or dizziness.
Eye contact	Causes serious eye irritation.
Skin contact	Causes skin irritation.
Ingestion	May be fatal if swallowed and enters airways.

U.S. State Regulations

California Proposition 65

This product contains the following Proposition 65 chemicals:

Carbon Black (CAS # 1333-86-4), must be airborne, unbound, and of a particle size< 10 micrometers in diameter to be considered a Proposition 65 chemical. For this product, Carbon Black is bound in the product and no inhalation exposure will occur during the handling or use of this product in this application.

This product as supplied, does not contain respirable particles of crystalline silica.(CAS # 14808-60-7) Such bound and non-respirable particles are not considered to be hazardous under Proposition 65.

This product can expose you to chemicals including those listed below, which is [are] known to the State of California to cause cancer, birth defects or other reproductive harm. For more information go to www.P65Warnings.ca.gov
